TypeScript,  
JavaScript

### Frameworks

React Native, Next.js,  
TailwindCSS, React

### Design Skills

Web Design

### Development Tools

## 👤 PROFESSIONAL SUMMARY

Results-driven Software Engineering student and full-stack developer with expertise in designing, developing, and deploying high-quality web and mobile applications. Demonstrated proficiency in leveraging AI and contemporary technology stacks to architect innovative solutions that enhance user experience and optimize performance. Committed to delivering measurable results through efficient coding practices and agile methodologies.

## 🏢 EXPERIENCE

### Intern Full Stack Developer

Jul 2025 - Present  
TicHub  
Yaounde, Nfundi

Contributed to the development of environmental collaboration software by leveraging full-stack capabilities to enhance user engagement.

- Developed and launched 'nvii', an environmental collaboration software that improved project collaboration efficiency.
- Enhanced performance metrics of an application through optimization techniques.
- Gained proficiency in Next.js and Prisma while implementing industry best practices.

### Hackathon Participant

Jun 2025 - Jul 2025  
Bolt.new Hackathons  
Cameroon

Designed a Smart Study Assistant AI application, utilizing machine learning to improve study efficiency.

- Received a recognition badge for innovation in AI application development.

Git & GitHub, Docker,  
CI/CD

### Technical Skills

Machine Learning  
Fundamentals

### Soft Skills

Agile Development,  
Problem Solving

## EDUCATION

### HND Degree

Higher Institute of  
Technology, Business  
and Management  
Sciences(HITBAMAS)  
Oct 2025 - Dec 2026

## PROJECTS

### SmartStudy AI-powered Learning

 Jul 2025 - Present

#### App

Full-stack web and mobile platform that ingests user notes to generate summaries, quizzes, audio narrations, and explainer videos.

[GitHub Repo](#) [Live Demo](#)

### Syntax Spring

 Jun 2025 - Present

A modern coding challenge platform designed to help individuals improve their skills through interactive exercises.

**Tech Stack:** Next.js frontend, MongoDB backend, Zustand state management, TailwindCSS

[GitHub Repo](#) [Live Demo](#)

### Nvii - Secure Environment

 Jul 2025 - Present

#### Variable Manager

Nvii is a comprehensive environment variable management platform that provides both a command-line interface for local development and a web dashboard for team collaboration.

**Tech Stack:** Turbo Repo, Nextjs, Typescript, PostgreSQL, Nodemailer, Docker, Nodejs (for cli)
